

Zeus has a family, a man and a woman and two children and it's not just his family, it's our family, all of us; they're a military family...

Zeus' family recently relocated to FL, Zeus' soldier dad is about to be deployed to Afghanistan. On Saturday Zeus broke a leg while playing in the back yard. Surgery will be \$2800. The young family maxed out their credit card but still owe over \$1200.

The army does not offer veterinary care for pets of active duty military personnel.
